VOL. XIX.—NO. 103.

THURSDAY EVENING, MAY 1, 1879.

PRICE TWO CENTS.

TO ADVERTISERS.

The circulation of the "Sentinel" is increasing so rapidly that it is necessary to go to press at a somewhat earlier hour than formerly in order to deliver the paper in all parts of the city at a proper hour. We will therefore regard it as a great favor if our advertising patrons will hand in their favors of every description at as early an hour as possible. In no case will display advertisements or changes be received after 10 a. m. for insertion the same day, and we should like to have them as much earlier than that as possible. It is needless to suggest that our advertising patrons are as much interested as ourselves in the prompt and faithful delivery of the "Sentinel."

WASHINGTON.

The Army Bill Falls to Pass.
SENATE.
Washington, May 1.—Consideration was resumed of the bill to prevent the introduction of contagious or infectious diseases into the United States.
HOUSE.
The bill reported from the coinage committee, amending the statutes relating to coinage and to gold and silver bullion certificates, came up. The preceding question was on ordering the main question on the resolution postponing till Saturday next the consideration of the bill, and it was ordered. The resolution was adopted.
Mr. Sparks called up the order made yesterday to reconsider the army appropriation bill. A vote was taken on the question, no debate being allowed, whether upon reconsideration the house will pass the army appropriation bill, notwithstanding the objections of the president.
The house refused to pass the bill over the president's veto, the vote standing: Yeas, 120; nays, 110, not the necessary two-thirds in the affirmative. It was a strictly party vote. Only three of the greenbackers voted for the bill and nine against it.

Public Debt Statement.

Washington, May 1.—The debt statement shows the increase for April to be \$19,958; gold certificates, \$15,772,600; silver certificates, \$1,377,020; certificates of deposit outstanding, \$316,365,000; refunding certificates, \$3,104,260; legal tenders outstanding, \$346,681,016; fractional currency outstanding, \$15,913,000; United States notes held for redemption, \$3,446,338; called bonds not matured for which four percent bonds have been issued, \$171,819,100.

CASUALTIES.

Struck by a Locomotive.
Cincinnati, O., May 1.—The passenger train north on the White Water Valley Railroad, yesterday, when near Brookville, Ind., ran into a wagon containing Henry Strawner, wife, and daughter aged twenty, and a young son. The wagon, after being carried 150 yards, was thrown beside the track a complete wreck. Mrs. Strawner was injured internally, supposed fatally. The daughter was found covered with blood, a piece of wood driven into her flesh, and will probably die. The father and son received slight injuries.
Destructive Fire.
Montreal, April 30.—A fire is now raging at St. Jean Baptiste, in the northeastern quarter of this city, which threatens to destroy the whole village, there being no water.
Later.—The Baptist fire was extinguished at 10 o'clock, after burning over forty houses, chiefly two-story dwellings, rendering seventy families homeless, with a loss of most of their household goods. Total loss about \$60,000. Partially insured.

DAYLIGHT DEVILTRY.

Assaulting Boldness at Burglary.
Pittsburgh, April 30.—A bold but unsuccessful attempt was made at noon to-day to rob the Workingmen's Savings Bank on Ohio street, Allegheny. The bookkeeper of the bank had gone to dinner, leaving the cashier, George L. Walter, alone. Two men entered the bank, and one of them advanced to the rear of the counter and asked silver for a dollar bill. When the cashier advanced with the change in his hand he was confronted with a cocked revolver, and told to make no noise or he would be shot. Dropping the silver, Mr. Walter seized the revolver and succeeded in wrenching it from his assailant, who then clambered up, got inside the counter, and was reaching for the money when Walter fired two shots at him and two at the other robber, who, in the meantime, had climbed over the front counter and was advancing to the rear of the room. The strangers, dismayed by the warlike reception, then turned toward the door and fled.
Later developments in the assault in the Workingmen's Savings Bank to-day are that the thieves succeeded in carrying off \$2,800, but in their hurried flight dropped a package containing \$700, which was picked up on the street and returned to the bank officers. The thieves made for the river and succeeded in getting away to their side, where the clue to their whereabouts was lost.

MASON LONG.

(Grand Rapids Advocate.)
A good sized audience assembled at Powers's Opera House Sunday afternoon to hear Mason Long, the reformed gambler of Fort Wayne, tell his story, and we venture that not one went away dissatisfied. Mr. Long's story is plain and simple, told in an unassuming, repentant manner rather than in a boasting style, as though he was proud of his past career. No one can listen to him without becoming interested and benefited by his remarks. His life has been an eventful one, and the candid, feeling manner in which he relates his experience touched a chord of sympathy in the heart of every listener. He goes from here to Rockford, Cedar Springs, and thence to Eaton Rapids. We extend to Mr. Long our heartiest good wishes, as we know that his frank, generous-hearted, sincere, honorable, candid manner cannot but avail much good in the work which he has undertaken.

Messrs. Owens & Cadwallader's bay colt Lyleyer, four years old, by Lever, out of Sly Bouts, by Rivoli, gave way in his right fore leg, on Wednesday, after a gallop, which puts an end to his racing career this spring, if not altogether.

Joseph Cook.
(Springfield Republican.)
Joseph Cook was once licensed to preach, and was for a while acting pastor. A lady friend informs us that she heard him preach a sermon, before becoming famous. It was two hours long, but its depth, length and grandeur corresponded with its length. Mr. Cook was never ordained a pastor, and as to the question whether he should be called a reverend—the doctors must decide. We can't.

THURSDAY EVENING MAY 1, 1879.

PRICE TWO CENTS.

TO ADVERTISERS.

The circulation of the "Sentinel" is increasing so rapidly that it is necessary to go to press at a somewhat earlier hour than formerly in order to deliver the paper in all parts of the city at a proper hour. We will therefore regard it as a great favor if our advertising patrons will hand in their favors of every description at as early an hour as possible. In no case will display advertisements or changes be received after 10 a. m. for insertion the same day, and we should like to have them as much earlier than that as possible. It is needless to suggest that our advertising patrons are as much interested as ourselves in the prompt and faithful delivery of the "Sentinel."

WASHINGTON.

The Army Bill Fails to Pass.

SENATE.
Washington, May 1.—Consideration was resumed of the bill to prevent the introduction of contagious or infectious diseases into the United States.

HOUSE.
The bill reported from the coinage committee, amending the statutes relating to coinage and to gold and silver bullion certificates, came up. The preceding question was on ordering the main question on the resolution postponing till Saturday next the consideration of the bill, and it was ordered. The resolution was adopted.

Mr. Sparks called up the order made yesterday to reconsider the army appropriation bill. A vote was taken on the question, no debate being allowed, whether upon reconsideration the house will pass the army appropriation bill, notwithstanding the objections of the president.

The house refused to pass the bill over the president's veto, the vote standing: Yeas, 120; nays, 110, not the necessary two-thirds in the affirmative. It was a strictly party vote. Only three of the greenbackers voted for the bill and nine against it.

Public Debt Statement.

Washington, May 1.—The debt statement shows the increase for April to be \$19,952; gold certificates, \$15,772,600; silver certificates, \$1,977,020; certificates of deposit outstanding, \$81,985,000; refunding certificates, \$3,104,250; legal tenders outstanding, \$34,661,016; fractional currency outstanding, \$15,913,009; United States notes held for redemption, \$5,446,838; called bonds not matured for which four percent bonds have been issued, \$171,519,100.

CASUALTIES.

Struck by a Locomotive.

Cincinnati, O., May 1.—The passenger train north on the White Water Valley Railroad, yesterday, when near Brookville, Ind., ran into a wagon containing Henry Strawriver, wife, and daughter aged twenty, and a young son. The wagon, after being carried 150 yards, was thrown beside the track a complete wreck. Mrs. Strawriver was injured internally, supposed fatally. The daughter was found covered with blood, a piece of wood driven into her flesh, and will probably die. The father and son received slight injuries.

Destructive Fire.

Montreal, April 30.—A fire is now raging at St. Jean Baptiste, in the northeastern quarter of this city, which threatens to destroy the whole village, there being no water.

Later.—The Baptiste fire was extinguished at 10 o'clock, after burning over forty houses, chiefly two-story dwellings, rendering seventy families homeless, with a loss of most of their household goods. Total loss about \$50,000. Partially insured.

Cincinnati, May 1.—Five frame dwelling houses in the extreme north-western portion of the city burned today. Loss about \$2,500.

RUSSIA.

BEAUTIES OF DESPOTISM.

St. Petersburg, May 1.—A feeling of gloom prevails. The vigorous police regulations respecting the watching of houses, and visits and searches by night are to be made still more stringent. After 9 in the evening nobody will be at liberty to show himself in the streets without a certificate, upon which must be written and attested the place from which the bearer comes and where he is going.

Gen. Gourkas, governor general, planned this ordinance. Soon it will be necessary to light candles before half 9 o'clock, yet at 9 every one must be in doors; and after 10, as in the barracks, every light must be out. Notwithstanding the insecurity and danger, grenades are exploded in the streets daily. The intention of the nihilists is, it is believed, to keep the police in a state of constant excitement, and tire them out or lull them to sleep with the idea that the danger has been exaggerated. They also reckon on harsh measures and arrests producing discontent among many people who, when the time comes for the grand attack on the government, would join the revolutionists. One night recently seditious placards were stuck up in the vicinity of the theaters and at the corners of the busiest streets, and although the city police and detectives at once hurried up and tore down the manifestoes, they nevertheless appeared anew.

Since the attempt on the life of the czar, troops have been held in readiness day and night. In every regiment, two companies, in marching orders, equipped with ball cartridges, are kept constantly under arms. Batteries are ready, horsed and mounted, in the barracks yards.

In this one night upwards of 150 persons were arrested, and among all those the police failed to find a scrap of paper which appeared to have anything to do with the proclamation. The secret bill sticker, on the other hand, went on with his work, the police being unable to discover him. The alarm at last became so great that two companies, under Col. Deberg, were posted at the entrance to a number of houses and in the street, but when the guard had its attention called to the right bills were posted on the left, and after they had been torn down the left they repeated.

A squadron of every cavalry regiment stands in constant readiness to mount, and day and night divisions of Cossacks patrol the streets.

On the 16th a peasant was arrested, in whose pockets were found dispositions for revolutionary troops. According to this document active operations were to commence on the night between the 16th and 17th.

Instantly the government made the most extensive preparations for defence. The Grand Duke Nicholas took up his quarters with his entire staff in the offices of the general staff opposite the winter palace. In the riding school of the guards a band of hussars of the guard was quartered, while the barracks of the Parvloff and Preabrojskaja regiments were crammed full of troops, and the whole artillery of the guards received orders to hold itself in readiness for immediate action. The troops continued several days and nights in the places assigned them.

GERMANY.

MILITARY REVIEW.

Berlin, May 1.—The emperor will return on the 8th of May. The grand spring military review has been postponed till the 28th.

The czar will attend the emperor's golden wedding and return to St. Petersburg on the 18th of June. He will pass the summer at Peterhof and return to Livadia in the autumn.

HUNGARY.

HIGH WATER.

Vienna, May 1.—Owing to heavy rains in Hungary and the melting of snow, the waters have everywhere risen. The gaps in the dykes at Esseg, edin are yet being closed, the waters have risen in that town, reflooding the ground which had already become dry.

Stage Coach Robbed.

San Francisco, April 30.—An Eureka (Nev.) dispatch says that the Ruby Hill stage was stopped last night by three men, and the passengers and the express box robbed. Two of the men went to a livery stable, buldozed the hostler, took the best horses and started off. They were pursued by a sheriff's posse, and overtaken this morning at Railroad Canyon. They showed fight, and one named John Sullivan was killed, and the other taken to jail. Sullivan was from Massachusetts, where he has a wife.

No Hope But Conversion.

Louisville, April 30.—In the circuit court to-day, Judge Jackson overruled a motion for a new trial in the case of Robert Anderson, white, and Charles Webster, colored, under sentence of death, the former for the murder of his wife, and the latter for raping a girl under twelve years of age. June 27th next, was fixed by the judge as the day of sentence.

Suicide.

Providence, March 1.—James H. Field, aged sixty, of the firm of Field & Cary, furniture dealers, killed himself this morning.

Chew Jackson's best sweet Navy Tobacco.

DAYLIGHT DEVILRY.

Accompanying Holdup of Burglars. Pittsburgh, April 30.—A bold but unsuccessful attempt was made at noon to-day to rob the Workingmen's Savings Bank on Ohio street, Allegheny. The bookkeeper of the bank had gone to dinner, leaving the cashier, George L. Walter, alone. Two men entered the bank, and one of them advanced to the rear of the counter and asked silver for a dollar bill. When the cashier advanced with the change in his hand he was confronted with a cocked revolver, and told to make no noise or he would be shot. Dropping the silver, Mr. Walter seized the revolver and succeeded in wrenching it from his assailant, who then clambered up, got inside the counter, and was reaching for the money when Walter fired two shots at him and two at the other robber, who, in the meantime, had climbed over the front counter and was advancing toward the cashier. The strangers, dismayed by the warlike reception, then turned toward the door and fled.

Later developments in the assault in the Workingmen's Savings Bank to-day are that the thieves succeeded in carrying off \$2,300, but in their hurried flight dropped a package containing \$700, which was picked up on the street and returned to the bank officers. The thieves made for the river and succeeded in getting over to their side, where the clue to their whereabouts was lost.

Mason Long.

[Grand Rapids Advocate.]
A good sized audience assembled at Powers's Opera House Sunday afternoon to hear Mason Long, the reformed gambler of Fort Wayne, tell his story, and we venture that not one went away dissatisfied. Mr. Long's story is plain and simple, told in an unassuming, repentant manner rather than in a boasting style, as though he was proud of his past career. No one can listen to him without becoming interested and benefited by his remarks. His life has been an eventful one, and the candid, feeling manner in which he relates his experience touched a chord of sympathy in the heart of every listener. He goes from here to Rockford, Cedar Springs, and thence to Eaton Rapids. We extend to Mr. Long our heartiest good wishes, as we know that his frank, generous-hearted, sincere, honorable, candid manner cannot but avail much good in the work which he has undertaken.

Messrs. Owens & Cadwallader's bay colt Leycler, four years old, by Lever, out of Sly Boots, by Rivoli, gave way in his right fore leg, on Wednesday, after a gallop, which puts an end to his racing career this spring, if not altogether.

Joseph Cook was in the city to-day, and was forth with adding to his list of converts. A lady friend in the city heard him preach a sermon, which became famous. It was two hours long, but its depth, length, and grandeur corresponded with its length. Mr. Cook was never out of a pulpit, and as to the question whether he should be called a revivalist, the doctors must decide. We assent.

The offer of a "nickel-plated revolver" as a premium to subscribers to the *Church Union*, published in New York, ought to start a very hopeful revival in Texas.

OFFICIAL PAPER—CITY AND COUNTY.

Fort Wayne, Thursday, May 11, 1878.

THE New York Sun is running Gen. JOHN M. PALMER, of Illinois, for president. If the democratic party is going to Illinois for its candidate next year, the best man to select would be ex-Senator LYMAN TRUMBULL. He is a man of towering ability and would make a strong candidate.

We are anxiously waiting to see what fault our more or less esteemed contemporaries will have to find with the ticket nominated by the democratic city convention last evening. If they are in earnest in their desire to support the best men, regardless of party, they will endorse the democratic city ticket, and support it with enthusiasm.

In the convention last evening Judge ZOLLNER made a brief but very able argument in favor of the construction of water works by the people. He showed that it is "now or never" with Fort Wayne, and that unless the water works are ordered this year, it will be placed out of the power of our citizens to erect them, at least during this generation.

Gov. HENDRICKS'S recent letter to Senator McDONALD concerning the presidency is printed in a Washington special to the New York World. It is as follows:

Indianapolis, March 31, 1878.—My Dear Sir: I have your favor of the 28th asking whether there is any foundation for the statement contained in the newspaper which you inclosed to the effect that I have written to members of the democratic party in Pennsylvania favoring the nomination of the ticket of 1876 for 1880. I am surprised to see such a statement. It is without any foundation in truth. I have written no such letter and have not expressed any such view. I did not, as is known, desire the nomination to 1876 as a candidate for the vice-presidency, and do not think it would in any contingency be my duty again to accept a nomination for a position which I do not desire. Very respectfully, T. A. HENDRICKS.

It is quite evident that Gov. HENDRICKS is in dead earnest.

THE CITY TICKET.

The democratic city convention last evening was a very harmonious body, and put in nomination a strong ticket. The convention was composed of honest, intelligent men, whose only purpose seemed to be to advance the interests of the democratic party and of the public generally by their action.

Mayor ZOLLNER was nominated by acclamation for re-election to the position which he has filled so acceptably for three terms. This was a just tribute to an honest, upright and efficient official, who has filled the mayor's chair with remarkable ability, fearlessness and independence. Col. ZOLLNER'S popularity seems to be steadily growing, which shows that the best and only way to win enduring public favor is by the plain, straightforward and honest discharge of public duties.

The same remarks may be applied to Mr. BARTON'S unanimous nomination for treasurer. He is universally acknowledged to be the best man that ever held the position in this city, and he has displayed such special qualifications for the management of the affairs of the office that it is very doubtful if the people will consent to his retirement even at the end of the term for which he will be elected next Tuesday. We presume our republican friends will hardly have the effrontery to nominate candidates in opposition to Messrs. ZOLLNER and BARTON.

For clerk, the present efficient and able incumbent of that office, Mr. JOHN H. TRENTMAN, was placed in nomination. Mr. TRENTMAN is a very capable and reliable man and a most genial and accommodating gentleman. His election by a very handsome majority is as certain as anything in the future.

Mr. WILLIAM TREHMAYER was nominated for marshal on the twentieth ballot. He is an old citizen and a representative German. He will, if elected, make a good officer.

The nomination of Mr. JOHN G. MAIER for city assessor was an excellent one in every respect, and will meet with general approval. There could scarcely have been found in the city three better men to constitute the board of water works trustees than HENRY MONNING, CHARLES MCCULLOCH and CHRISTIAN BOSKER. Mr. MONNING is a leading German citizen, an old settler and a man who enjoys the respect, confidence and esteem of all who know him. He is an excellent business man and has large interests in the city. He has filled several public positions with conspicuous ability and, as he has made the general question of water works a matter of observation and

study for years, he is naturally qualified to discharge the duties of water works trustee in a manner that will add to his own credit and to the public advantage.

Mr. CHARLES MCCULLOCH supplies a desideratum on the board, i. e., a practical financier. Mr. MCCULLOCH will prove invaluable in the negotiation of city bonds and in the management of the finances of the works. His three years' service in the council proved him to be able, honest and fearless. His nomination adds strength to the democratic ticket.

Mr. CHRISTIAN BOSKER, who was nominated for the one year term, is a popular German citizen, who has had long experience in the erection of public buildings and the doing of public work of all descriptions. He will make an efficient, practical man on the board, as he is a first-class business man in every respect.

The work of the convention was good, and the democrats can go before the people with the truthful assertion that the ticket put in nomination last evening is the best and strongest ever placed before the voters of this city. It will be elected, without an exception, by large majorities.

POLITICAL POINTS.

Kansas City Times: Senator Plumb's donation of \$50 to the colored refugees isn't half as generous as Senator Ingalls's proposition to roll a \$100,000 barrel out of the United States treasury.

Courier-Journal: Partisan, packed juries in federal courts, the republicans, with the exception of Judge Kelly, declare shall be attained and authorized by law. This will not be forgotten in 1880.

Cincinnati Enquirer: There is some ground, after all, for the charge that the conduct of the democratic party just now is "revolutionary." It is exactly in harmony with the declaration of independence—a revolutionary document.

New York Sun: Senator Conkling made a speech in the senate yesterday on the wrong side of a question involving fundamental principles. But the voice that rang through the senate chamber was not the voice of New York. There need be no mistake on that point. New York is for civil liberty and local self-government. New York is for a free ballot-box. New York wants no federal bayonets at her polls to keep the peace. She is fully competent to attend to that duty herself. No, the voice heard yesterday was not the voice of New York.

Savannah News: Blaine's remarks a few days since, to the effect that there was no danger of military despotism at present, on account of the smallness of the army, shows conclusively that the democracy are waging their battle alone for the sake of the great principle involved in the contest, while the recollection of what Grant has done, and what any other reckless and unprincipled president may do, should arouse the indignation of all true patriots against the radical party, which thus openly seeks to overthrow American freedom with United States bayonets. This will be the great issue between the two parties when they make their appeal to the country in 1880.

County Officers' Convention.

(Indianapolis News, Wednesday.) In response to an invitation from the officers of Marion county, over a hundred county officers assembled in superior court room No. 1, this morning. A permanent organization was effected with Mr. V. B. Spencer, clerk of Allen county, chairman, and Gus Lemke, sheriff of Vanderburg county, secretary.

A committee on resolutions, with Auditor Johnson, of Tippecanoe county chairman, was appointed, and then the meeting adjourned till this afternoon. Separate meetings of the clerks, sheriffs, auditors and treasurers followed, at which committees were selected to prepare a schedule of charges under the new fee bill, for their respective offices, after obtaining opinions from prominent legal authority, that their construction of the law is sound and will be sustained by the courts. The purpose of this is to secure uniformity in the taxing of costs all over the state, and this is the sole object of their gathering at this time. The visitors are a gentlemanly appearing set of men, and go about their work in a business-like way. The convention will adjourn to-morrow.

Not long ago, in Calcutta, two tigers escaped from their cage in the menagerie. One of them was instantly killed, but the other swam the river, sprang into the Botanic Garden and killed one of the guards, upon which the spectators were pandemonium and fled. The tiger roared roughly all day, lord of the garden, and as he grew hungry killed one ox, then another. An armed native, who tried to approach the wild beast, was at once torn to pieces. At last several riflemen were employed to destroy the destroyer. They tied an ox to a tree at the garden gate, and took their station on the roof of an adjacent house. The tiger rushed upon the ox, and a volley from the riflemen ended his career.

I Wish Everybody to Know. Ray, George H. Thayer, an old citizen of this vicinity, known to every one as a most influential citizen, and Christian minister of the M. E. church, just this morning stopped in our store to say: "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters, and is giving perfect satisfaction in all cases of lung diseases, such as nothing else can do.

A new leaves of the "Count de Conte" in Chicago—His Love Episode with a Queen of the Demi-Monde, Who Dismisses Him with a Fleece in His Hair—The Racket of an Adventurer.

(Chicago Herald.)

THE COUNT DE CONTE.

Yesterday's telegram from Cheyenne communicated the arrest of a man claiming to be the "Count de Conte," on a charge of swindling. The career of this one of the most accomplished of the "counties" of the public has finally terminated, and will doubtless result in securing for the chief actor the butt end of the law. He is a man of education, polished manners and fluent address, and employed these accessories so effectively that he has "left" nearly every one with whom he has come in contact. During last December the warlike "Count," so-called, made his advent in Chicago, and for a brief season was permitted the indulgence of a luxurious career, in the belief that he was all that he represented himself to be. On a purse that subsequently proved to be the baseless fabric of a vision and a title that in the light of subsequent events is known to have been appropriated, he ran the race out before the man of wealth and influence with unbounded success. As a surgeon of the third cavalry, the cousin of a prominent local artist, and the possessor of a fine social resources, his ways were ways of pleasantness, and his path, if not of glory, were paths of peace. He was welcomed at the club, and as a guest of gilded society, was what might be vulgarly termed, a "masher." The soul of his stay in Chicago was its brevity, yet in the limited "furlough" accorded him by the department he attained more pronounced social eminence than is often vouchsafed one to the manner born. His dark eyes looked love to eyes that spoke agony, and his soft, Italian accent bore a charm to many a resident of the avenue who esteemed herself surpassing fair, if not superlatively beautiful. Hotel clerks, in paper collars, red neckties, and Brazilian pebbles, looked upon him and wondered, and he looked back their admiring glances from a distance. Some of them to-day, it is said, mourn because his patronage was unattained by the usual *quid pro quo*. However this may be, it is certain that he

CAPTAIN AND HIS WHISKERS danced about as lively a minuet as a ravenous beast of the field in the presence of a victim.

During the latter part of his sojourn in Chicago he called at one of the palaces of sin which line Fourth avenue, while yet the day was young, and demanded an audience with the head and front of that branch of the social offending. Astonished, but not dismayed, at the reported presence of a military division in her parlor, the wilful evening star descended to receive her visitor and ascertain to what extent her resources would be commanded. The "Count" accepted the situation, and defined his position with such apparent candor, interspersed with tales of encounters by land and by sea, in which he was pictured as the head center of an audience with the head and front of that branch of the social offending. Dr. TUTT—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last spring your Pills were recommended to me by a friend. They are worth their weight in gold.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the liver and will with certainty relieve the most torpid organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, clearly indicates their adaptability to nourish the body, restore its energy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. While the condition of the recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one or two pills should be taken daily, increasing the frequency of the dose until a regular daily movement is obtained, and health will follow.

NEWS NOTES.

The population of Atlanta is said to be increasing at the rate of 6,000 a year.

Mr. James Davis, 105 years of age, died a few days ago at his home in Chatham county, N. C.

Four hundred illicit distillers are to be brought before the federal court at Nashville. There are 800 witnesses.

Thirteen hundred cases are before the supreme court of Tennessee, representing \$5,000,000 and 20,000 litigants.

It is whispered in society circles that Cornelius Vanderbilt, a bachelor of forty-five years, is about to commit matrimony with a fair Parisienne.

The white tax-payers of Selma pay annually over \$3,000 to support a hospital and furnish a physician and medicines for the colored population.

At the late fire in Cuero the ladies of that place lent valuable assistance by passing buckets of water from wells adjacent to the conflagration.

The grand jury of Webster Parish, La., have recommended that a pack of trained dogs be kept by the parish for the purpose of preventing and detecting crime.

Texas have the Leadville fever. The overland route to "the greatest mining camp in the world" is a dangerous one, and parties never go out unless at least ten men strong.

The crops of northern Texas are all in fine order. It had been thought that the wheat crop would be lost by the drought, but the recent rains have revived it, and all is flourishing.

South Carolina can make more money in wheat, hay and oats than in cotton, and produce as much grain to the acre as in the west, so the agricultural society of that state affirm in their report.

Henry Smith, colored, night watchman of the San Francisco mint, has been arrested, charged with stealing \$20,000 in gold bullion. A small smelting furnace and about \$6,000 worth of gold ingots were found buried in the prisoner's garden, and thousands of dollars in coin on the premises. His thefts extended over three years.

A Paris dispatch says: "By the amnesty law all who are pardoned within three months are *ipso facto* amnestied. It is certain that M. Blanqui will not be pardoned prior to the 3d of June, and if pardoned after that date he will remain ineligible as a candidate for the chamber of deputies, as an ordinary pardon does not efface civil disabilities."

Mr. H. V. Edmond, of Norwich, Conn., has one of the largest, most varied, and comprehensive collections of Indian antiquities that can be found in New England. It embraces a carefully classified and immense assortment of arrow heads, spear heads, tomahawks, scalping knives, battle axes, bodkins, pestles, peckers, chisels, gouges, shovels, pins, bowls, jewels, amulets, idols, pottery and so on.

A Ledyard (Conn.) farmer, while plowing Monday, turned up in the furrow an oval stone of such symmetry of form as to attract his attention. Picking it up he found it presented a smoothly finished edge and rough interior surface, granulated with the soil of ages. After washing it he found upon the obverse side a female head after relief, and on the reverse a representation of an animal now unknown, so far as conclusions can be formed from present outlines, the figure resembling in body a beaver, while the head took the form of an eagle. It seems to be a relic of great value.

Some eight months ago a young man was brought to the Connecticut general hospital for the insane from Norwich, who was about twenty years old, and who had always had a strange antipathy to his father. When first brought to the hospital he would not eat or move. Food was forced down his eyes, but was almost motionless. Recently all this was changed. He wrote a letter to his father, who was astounded and wrote to Dr. Shaw for an explanation. Both parents came to Middletown, and were delighted to find their son wholly cured. He went home with them, all feeling very happy.

That honesty is the best policy was rather singularly illustrated the other day at Waterbury, Me. A young Irish boy, after buying a pair of shoes, placed the new ones on his feet and rapped up the old ones in a nice bundle with the card of the shoe dealer printed on the wrapper. On going into the street, when no one was looking, he laid them carefully in the gutter. A countryman going by, seeing the boy picking them up, as he thought, said, "Here, boy, that is my bundle. I just dropped them." The lad gave them up, and the countryman gave the boy 15 cents.

Two years ago a Mr. Matthews, an overman on a plantation near Memphis, was waylaid by Wiley Washington, a negro, from the effects of which he has just recovered. Last Wednesday morning a posse of officers, learning the whereabouts of Washington, started out to capture him. Arriving at his cabin, Deputy Sheriff Barr's called Washington to the door, when a desperate struggle took place, in which the officers and half a dozen negroes took part. Washington was fatally shot by Harris, and Deputy Sheriff Britt received three bullets in his abdomen.

The Melbourne *Argus* of the 21st of February says: "The weather we have had during the past month has been something terrific. Persons who have some little knowledge of temperature declare that with few more degrees of heat we should all have been roasted alive. This appears very feasible when we find the thermometer at the observatory on the 27th of January showing 106° in the shade and 140° in the sun. This is comparatively cool to what it is said to have been at Yarrawonga, a small township on the River Murray, where it is said to have been 126° in the shade on the hottest day we have had."

The Signory (Iowa) Review gives the particulars of the horrible death met by a little four-year-old daughter of D. L. Robinson, living in the north edge of German township, Keokuk county, on Friday afternoon. Her father had been burning some trash in the dooryard in the forenoon, and in the afternoon had gone to one of the neighbors and taken his wife with him. The children were told to take up more trash to be burned at night. When the parents returned they found the child with all the clothes burned off her, and none of the others able to live how it happened. The little girl lived only a short time after the accident.

The Middletown *Argus* tells of a peculiar tramp who sought shelter in the lock-up of the village the other evening. He said his name was Merritt Ruddy, that he belonged to the shores of Lake Erie, and that he was tramping through the country in search of five different men who owed him \$1,000. He was a very devout tramp—just before retiring for the night praying for those persons who refused to give him shelter and food, and supplicating the Lord to forgive their hard-heartedness, and in the morning offered a prayer that the people with whom he might be thrown in contact during the day might open their hearts to his worthy entreaties.

The secret service has come into possession of a counterfeit \$20 United States legal-tender note, which is calculated to deceive even persons accustomed to handling notes of that denomination. What makes it more remarkable is the fact that the work on the note was executed with a pen and ink, all the intricate figures and curves, and the heads, the seal, the fine engraving work, and even the signature, were almost perfectly counterfeited by pen and ink. The signature of John Allison, formerly register of the treasury, is almost exact, while that of John C. New, formerly treasurer, is perfect. The whole back and face is a wonderful piece of pen work. The bill was detected at the sub-treasury in New Orleans.

The operation for the transfusion of human milk into the veins of a sick patient was done for the first time, it is said by the New York *World*, by Dr. Rowe, at the Charity Hospital, in that city, on Sunday evening last. The patient was a young woman of French descent. She had been suffering for a long time from two or three large dorsal abscesses, and all kinds of treatment failed to arrest the suppurative process that was slowly drinking up her blood. When a vein in her arm was opened the pulse was beating at 126 per minute, and shortly after the transfusion commenced the patient complained of an intense pain in one of her knees, which changed to her arm, her chest, and then back to her knee. A moment later she became quiet and stopped breathing for a moment, when respiration recommenced. Two ounces of milk had been injected, and the pulse had risen to 180, but it went down rapidly and the patient was soon breathing naturally. Dr. Howes said the patient would suffer no harm, but that the transfusion of human milk should be abandoned as an unsuccessful experiment.

Safety, efficiency and reliability are the three cardinal virtues of a remedy, whether in the hands of a physician or in those of the people at large. For the cure of all malarial or miasmatic diseases, such as chills and fever, or intermittent fever, dumb chills and chronic enlargement of the spleen, we have such a remedy in Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic, the composition of which has been published by its proprietors, Wheelock, Finlay & Co., of New Orleans, and is approved by the medical profession, and for sale by all druggists.

No Deception Used.

It is strange so many people will continue to suffer day after day with dyspepsia, liver complaint, constipation, sour stomach, and general debility when they can procure at our store SHILOH'S VITALIZER, free of cost if it does not cure or relieve them. Price, 75 cents. Sold by Dreier & Bro.

HOUSE OF THE CHIEF OF POLICE.—The being absent we were taken to the jail. As soon as the chief returned, he heard our story and at once discharged us, saying that there was no law in Brazil which compelled any one to kneel. But I was not satisfied and I went to the president of the province. I had left my passport at Para, but fortunately I had with me a letter from Gov. Williams, of Indiana, with the great seal of that state upon it, and this satisfied the president that my representations about myself were correct. The president warmly espoused our cause. We made our complaint in writing, and the priest was ordered to respond, which he did, stating that he acted under an authority higher than that of the president. On receipt of this the president suspended his ecclesiastical reverence and forbade him to teach any more in the colleges. The matter being laid before the bishop of Para, whose see includes both provinces of Para and Manaus, he administered to the priest a sharp rebuke. This should be a lesson to all travellers not to omit to obtain a passport and always to have it with them. I would also advise them never to dispute with a Brazilian on religious subjects. The feelings against Protestants is very strong among the lower classes. There are a few lodges of Masons in this region, and these are objects of bitter hatred among the common people, who confound Masons with Protestants and dislike both."

The Bleeding of Strong Nerves.—Is recoverable, not by the use of natural sedative, but by a recourse to electrical tonic treatment. Opium and the like should only be used as auxiliaries, and then as sparingly as possible. The nerves are quiet ones, and the most direct way to render them so is to reinforce the vital energies of the system. Hostetter's Stomach Bitters will be found all-sufficient for this purpose. Since it quickly restores impulsive action to thorough digestion and assimilation of the food, that the body is insured its due amount of nourishment, and consequently its health and vigor. It is a pleasant, invigorating, infinitely purer than the raw excitants of commerce, which react injuriously on the nervous system.

For lame back, side or chest use SHILOH'S POROUS PLASTER. Price, 25 cents. Sold by Dreier & Bro.
